### Job Description

The Company

Senior Planner required for a construction company with firm roots in the North West. They have a strong reputation for quality and dedication in delivering projects exceeding client expectations. Due to new projects they are now looking for a high calibre Senior Planner to work on projects based out of Manchester.

The Role

Produce construction, procurement and design programmes for pre-qualifications, tenders and live projects

Research sites to determine appropriate logistics solutions and resources.

Write tender and PQQ responses

Scheduling labour, selecting of major plant and access equipment

Attending and presenting at client interviews

Preparing detailed working programmes.

Recording relevant events for potential entitlement claims.

Reflect progress, event impacts and forecasts.

Liaising with the rest of Project Team, adjusting project plans as necessary

Preparing project and activity feedback reports

Develop the companies planning processes and procedures.
